

Cooltherm Enhances Market Presence and signs Distribution Agreement with Clint in the UK

[Cardiff, September 2024] – Cooltherm, a leading provider of innovative HVAC solutions, is excited to announce it has signed a distribution agreement with Clint, a part of G.I. Holding, expanding its product range and placing the company in a position to service a much broader share of the HVAC market. This strategic expansion is designed to enhance our ability to support existing clients while increasing capacity to deliver advanced solutions to a wider audience.

Our expanded range includes state-of-the-art commercial chiller systems, advanced heat pump solutions, and cutting-edge technologies from Clint that cater to a wide array of sectors. This growth allows Cooltherm to offer unparalleled expertise and comprehensive solutions that address the evolving demands of the market.

Clint, a part of G.I. Holding, has been a leading manufacturer of high-quality HVAC products for over 25 years. Based in Italy, Clint specialises in chiller and heat pump solutions tailored for a wide range of applications, particularly those requiring large capacities. Their commitment to innovation and quality ensures that all products in the Clint range meet stringent ErP regulations, boasting A-Class efficiency.

Incorporating Clint to complement our existing longstanding partnership with Geoclima gives Cooltherm the capacity to grow further and deliver quality solutions to even the most complex projects.

To support this expansion, Cooltherm continues to increase its team across all departments. Our team of highly skilled professionals is dedicated to delivering the highest standards of quality and innovation in every project we undertake.

Wayne Perrins, Managing Director of Cooltherm, commented on the expansion: *"This is a pivotal moment for Cooltherm. The expanded product range reflects our commitment to leading the industry with innovative solutions and exceptional service. We are excited to bring our enhanced capabilities to a broader market and continue our journey of growth and excellence."*

Cooltherm's expanded capabilities align with our mission to deliver top-tier HVAC solutions that prioritise energy efficiency, sustainability, and customer satisfaction. Our clients can expect the same level of dedication and expertise that has defined Cooltherm over the last 30 years, now with an even greater ability to meet their needs.

This expansion is a testament to Cooltherm's commitment to continuous improvement and leadership in the HVAC industry. By broadening our product offerings and scaling our teams, we are
